As one of the students of Siloam Christian Education Ministries International I can testify that the studies were of great impact in my personal life as a Christian but also in my willingness to serve God in truth and Spirit. Studies have created a thirst and hunger for the Word of God!

***I have learned a lot in this Bible study course and most especially helping me to read the Bible and understand it. Designed for discipleship seems to be a simple material but with deep insights that can only be understood when you go through it. It is designed in a way that it's like a Bible itself you can't go through it and say it's done. There is an urge I feel to restart it over and over again.***

SCEMI Bible ministry helped me through with the bible courses that I registered with them. The course also helped me to understand how to approach none believer and able to influence them to become believer in Christ. I have used their method in the course material to teach the youth ministry at church and it was a success .

***I am grateful to God for connecting me to Siloam. The course I took at Siloam has transformed my perspective about Christianity, work of God, the Church and some great religions that exist in the world. Graduating a SCEMI Course was such a great opportunity to me as it has equipped me for the work of God. I thank God for Pastor Bonaventure for this great vision in empowering the body of Christ across Africa. I encourage all born again Christians to join this course as it will equip them for God's work in their countries. Amen.***

***First I would like to thank God Almighty and also thank SCEMI, it's mission and entire leadership team especially Pastor Bonaventure and his cohorts for their work and dedication for the ministry. I joined Siloam in September 2018. From that time to date this school has been a blessing to me. It has open the door to my richer spiritual life. It has inspired my passion for mission and enriched my understanding of the Bible and it's applications.***

***It further has ignited my love for Jesus and has inspired me to grow in Christlikeness and integrity. It has stretched my thinking and understanding of the word of God. I have also learnt that discipleship is about following Jesus and his Lordship and his mission in the world, submitting myself and my plans and my energies completely to his rule in humility.***

***James 4:8 – “Draw near to God and He will draw near to you. Cleanse your hands, you sinners; and purify your hearts, you double-minded.”***

I thank God for being part of the SCEMI program. I have since learnt that i don't exist for myself but I'm here for a purpose and that is to represent Jesus Christ. Therefore i have to live a lifestyle that honor him and be a testimony to others of his goodness. I also learnt through the program on how to build my relationship with God by intentionally studying his word and seeking him in prayer.
